

MRS. GAY'S GAB

10/14/13

Reading/ELA

Team PHINEAS is watching Anne Frank. They will be using what they watch and also some other articles to answer the question: How do we react to changes in our society? How does our society affect our daily decisions? **Project due Monday!**

Team FERB will be watching Anne Frank as well, however they will be working on comparing the movie to articles they read. They will also be answering our guiding question: How do we react to changes in our society? How does our society affect our daily decisions? **Project due Tuesday!**

Writing— Students are learning about organization in writing. I will be finishing grading the last writing papers this week to give back. Look for scores in agendas!

Social Studies

Students have begun to study the history of Europe. This week we will present projects from last week and we will begin talking about the Cold War and the Fall of the Soviet Union. Towards the end of the week, we will begin a unit on Government.

They will have notes each day that they need to study each night (read over them for 10 mins). This will help when test time comes. I will be checking notes.

Don't forget!

- JOIN PTO!!!
- PLEASE remember to bring 2 liter drinks for Fall Festival!
-
- CHECK out the new WIKI: <http://pca6thgrade.wikispaces.com/>

EVENTS

Fall Festival is THURSDAY!

Students are signing up for basketball this week.

The **design principle** for this month is The Natural World. "Nature is our teacher."

Report Cards go home today!
